CONTENTS

Preface VII

The geometry and rates of microplate motions in the Eastern Mediterranean Sea — Quantitative constraints by using anoxic basins as piercing points
D. Jongsma (Amsterdam, The Netherlands) 1

Setting and tectonic evolution of some Eastern Mediterranean deep-sea basins
A. Camerlenghi and M.B. Cita (Milan, Italy) 31

Stratigraphy and sedimentation in the western Strabo Trench, Eastern Mediterranean
E. Erba, E. Parisi and M.B. Cita (Milan, Italy) 57

Late Quaternary sedimentation in the Tyro and Kretheus basins, southeast of Crete
S.R. Troelstra (Amsterdam, The Netherlands) 77

Stratigraphy and sedimentation in the anoxic Bannock Basin (Eastern Mediterranean)
E. Parisi, E. Erba and M.B. Cita (Milan, Italy) 93

Interstitial water studies of Late Quaternary Eastern Mediterranean sediments with emphasis on early diagenetic reactions and evaporitic salt influences
H.L. ten Haven, G.J. de Lange (Utrecht, The Netherlands) and R.E. McDuff (Seattle, Wash., U.S.A.) 119

Late Quaternary Mediterranean sapropels, I — On the origin of organic matter in sapropel S_7
H.L. ten Haven, M. Baas, J.W. de Leeuw and P.A. Schenck (Delft, The Netherlands) 137

Sulfur and organic carbon contents in sediment cores from the Tyro and Orca basins
D.-D. Sheu (Norman, Okla., U.S.A.) 157

Gelatinous pellicles in deep anoxic hypersaline basins from the Eastern Mediterranean
E. Erba, G. Rodondi, E. Parisi (Milan, Italy), H.L. ten Haven, M. Nip and J.W. de Leeuw (Delft, The Netherlands) .. 165

Brine formation and gypsum precipitation in the Bannock Basin, Eastern Mediterranean
C. Corselli and F.S. Aghib (Milan, Italy) 185

Carbon and oxygen isotope composition of *Globigerinoides ruber* in two deep-sea cores from the Levantine Basin (Eastern Mediterranean)
E. Parisi (Milan, Italy) 201

Palaeoenvironmental changes from stable isotopes in planktonic foraminifera from Eastern Mediterranean sapropels
G. Ganssen and S.R. Troelstra (Amsterdam, The Netherlands) 221

Phenotypic variation of *Globorotalia scitula* (foraminiferida) as a response to Pleistocene climatic fluctuations
Y.A. Baumfalk, S.R. Troelstra, G. Ganssen and M.J.L. van Zanen (Amsterdam, The Netherlands) 231

Response of benthic foraminifera to stagnant episodes — A quantitative study of Core BAN 81-23, Eastern Mediterranean
E. Oggioni and L. Zandini (Milan, Italy) 241

Ostracodes and the early Holocene anoxic event in the Eastern Mediterranean — Evidence and implications
D. van Harten (Amsterdam, The Netherlands) 263

Radiolarian preservation in Eastern Mediterranea anoxic sediments
K.R. Björklund (Oslo, Norway) and R. de Ruiter (Amsterdam, The Netherlands) 271
